## The DIMMER VIEW

### Socialized Medicine Costs High

Medical expenses should be cut—if anyone can think up an arrangement by which they can be reduced.

Proposition 2, passed last week by California voters, will eventually relieve the medical science shortage but relief in that area is years away. Government is seeking means to soften the financial impact while waiting for new medical schools to be built and new doctors processed.

Socialized medicine certainly isn't the way to do it.

Example: In nearby Brawley two years ago there was established La Clinica Salubridad de Campesinos to accommodate 12,000-18,000 farm workers in that area. The clinic leveled out at 1,200-1,500 patient visits a month.

The clinic is funded by the Department of Health, Education and Welfare through Community Health Services. Last year a grant of \$507,000 covered the clinic's operation. This year the grant is \$700,000. The patient average stayed the same.

So the average annual cost is \$603,000—or \$50,291 a month. With a monthly patient visit average of 1,350, the cost per patient visit is just under \$35.

It would be less expensive to the taxpayer to send these unfortunate farm workers to his family physician.

### The Housing Scandal

Indictment last week of three San Diego men on various charges relating to the operation of the federally-funded Neighborhood Development Corp., again brought into focus a warning issued in these columns several months ago.

At that time it was pointed out that taxpayers were in for a shock at the scandal in subsidized, low-income housing throughout the nation.

In San Diego it came last week with County Grand Jury charging the men with grand theft, conspiracy, misappropriation of public funds and embezzlement, all felony charges.

The men are William Henry Thompson, executive director of the Neighborhood Development Corp.; the Rev. Grandison M. Phelps, Jr., chairman of the board of directors, and Ronald Le Roi Warren, a business associate of Phelps. Warren is a member of the grand jury which handed down the indictment. Phelps is a former member. Thompson, the director, is reported to have been convicted in a federal court in Sacramento in 1965 on charges of theft, receiving stolen government property and conspiracy. He was imprisoned and is presently on parole. Phelps, the minister of St. Paul's United Methodist church, has occupied the pulpit of the Lemon Grove Methodist church on several occasions.

NDC receives parts of its funds through the \$6.6 million Model Cities Program as a part of the Federal Housing and Urban Development Department's operations. HUD criticized NDC on the handling of contracts some of which were awarded without bidding. Apparently, the report that Thompson, NDC executive director, was a jailbird and still on probation didn't matter. It was reported, however, that some City of San Diego officials attempted to have Thompson ousted, but were not successful.

The City was considering steps to regain more than \$280,000 in federal funds allocated to NDC when the indictments were handed down. District Attorney Edwin Miller said the NDC-Model Cities operation was not directly involved in the grand jury charges.

The charges against the three local men will be aired in the courts with whatever details concerning their alleged operation revealed. But earlier this year federally-subsidized, low-income housing losses cost the Federal Housing Administration about \$24 million in New York and about \$200 million in Brooklyn and Detroit. 20 corporations or individuals including 7 FHA officials are under indictment as a result.

The charges back east are entirely different from those in San Diego. There, the cycle begins with housing speculators invading a low rent white neighborhood threatened with integration. They use racial fear to scare home owners into selling cheaply.

They might, for example, buy an \$8,000 house. Once theirs, speculators got FHA to make an appraisal of, say, \$25,000. Bribes here and there helped reluctant FHA officials to soothe their consciences.

Afterwards, the dishonest realtor sells the house to someone whose mortgage is FHA-backed. Bribes are used again to get low-income people approved. When the new owner defaults on payments, the FHA is stuck with an overpriced hovel.

To reiterate, the above charges are not among those involving the San Diego men. Local indictments allege that transactions between NDC and firms owned privately by Phelps and Warren resulted in misappropriated public funds. It was also alleged that Phelps-Warren submitted inflated bills to NDC and then caused the bills to be paid by Thompson, NDC's executive director. Also alleged was that Warren obtained an interest-free loan from NDC which was approved by Phelps and Thompson and that the money was deposited to Warren's account and then converted to his own use. The three were also accused of using NDC as a vehicle to purchase real property for their own personal gain.

If these men are found guilty of the charges, it should be just one more reason why the President should accept the resignation of the Secretary of Housing and Urban Development and charge the next secretary with cleaning up the low-cost housing mess.

## Charles Kahan Arraigned In Federal District Court On Marijuana Charges

Helix High School English defendant Jerry Bordeaux, 33, and physical education instructor of El Cajon, were driving for Charles Kahan, 40, son of away from an airport there, a local liquor store operator, was indicted along with Bordeaux was arraigned in the San Diego federal court on charges of possession of marijuana and transportation of marijuana. Kahan and Bordeaux were arrested by Maricopa County deputies after their pickup November of 1971 in Maricopa County, Arizona, as he and Bordeaux were driving to Phoenix Wednesday.

In the alleged offense, Kahan and Bordeaux were arrested by Maricopa County deputies after their pickup November of 1971 in Maricopa County, Arizona, as he and Bordeaux were driving to Phoenix Wednesday.

## Three Held In SV Holdup Case

### Beautification Project OK'd By Committee

The Lemon Grove Community Betterment Committee, made up of representatives of local service clubs and organizations, met last week and voted to go ahead with an application for a county service area for the purpose of obtaining local street beautification projects.

The projects entail landscaping of medians on Imperial and Broadway, as well as landscaping and irrigation on the railroad right of way.

The projects, as requested by the Community Betterment Committee, would be constructed one at a time over a period of four years.

The first construction would be the irrigation system for the plaza from Golden ave. to North ave. It would be an automatic sprinkler system.

The second project would be one which has been envisioned for several years and had earlier appeared to be lost. It would call for landscaping proposed and existing medians along Broadway from College ave. to Kempf st.

The proposed Broadway improvements were the subject of a petition circulated by Bob Russell, and the Chamber of Commerce among property owners along Broadway from Olive to Kempf, seeking landscaping, medians, and repaved-restricted parking areas.

The petition failed to get the required number of signatures, however, and it was thought that the improvements would be lost. The county, however, decided that certain street improvements in the area—such as raised medians, a leveling of the street, and left turn pockets—were a must, and those projects

were to be constructed despite the petition failure.

The landscaping of the medians, however, and the parking lot areas were rejected, and were then left up to the formation of a county service area.

The service area will provide for the landscaping and maintenance, but the parking lots, which are on private property, can't be re-vamped. The Community Betterment Committee hopes to take on that project after the service area is approved.

The third project calls for the landscaping of medians on Imperial ave. from Palm ave. to North ave. The final project in the work program will be the landscaping of the railroad right of way from Palm ave. to Golden ave.

Bob Russell, who is chairman of the Betterment Committee, reported that a permit must be obtained from the railroad before construction of the first project can begin, as it entails work on the right of way, so the second project—the Broadway improvements—could begin first.

Russell indicated that assurances have come from the railroad that the permit will indeed be granted, although red tape could delay it somewhat.

All four of the projects will be funded by the county from gasoline taxes.

The application will now go to the Local Agency Formation Commission, which will call a public hearing. If the results of the hearing are favorable, the request will be forwarded to the County Board of Supervisors for approval.

### Board OK's Suggestions For Local Traffic Projects

SAN DIEGO (CNA) — An overloading condition of Lemon Grove and Spring Valley streets was evidenced last week as the San Diego County Board of Supervisors approved recommendations made by the County Traffic Advisory Committee.

Of 23 items considered by the advisory committee, eight were in the Lemon Grove-Spring Valley area.

One item that was approved by the committee was the establishment of Delrose ave. in Spring Valley as a through highway, which entails adding stop signs to intersecting streets.

The street was formerly only a couple of blocks in length, but construction of new houses resulted in the street being lengthened from Elkton blvd. to Cardiff st. in San Diego. With the new housing development and a link to Cardiff st., the street will carry additional traffic. A request for a study on the situation from Patsy Schenkelberg, who lives on Delrose, led to the recommendation.

Another approved suggestion called for establishing South Barcelona st. in Casa de Oro as a through highway. The suggestion was made by Dorothy G. Pennick, secretary of the Spring Valley Fire Protection District.

Again, new construction played a major role in the recommendation. Rancho San Diego's Sweetwater Village, which is being constructed near Monte Vista High School, is connected to the South end of the street, and a large increase in traffic is expected.

Mr. and Mrs. A. E. Shubert, of 652 Paraiso ave., Spring Valley, sought a four-way stop at the intersection of Grand

ave. and Jamacha blvd., and submitted a petition with 34 names.

The request was denied because, as the committee reported, there is a great imbalance of traffic at the intersection—Jamacha carries some 12,000 cars per day, while Grand carries less than 2,000.

The committee, however, indicated that the county will consider establishing left turn pockets for cars turning on to Grand to improve safety.

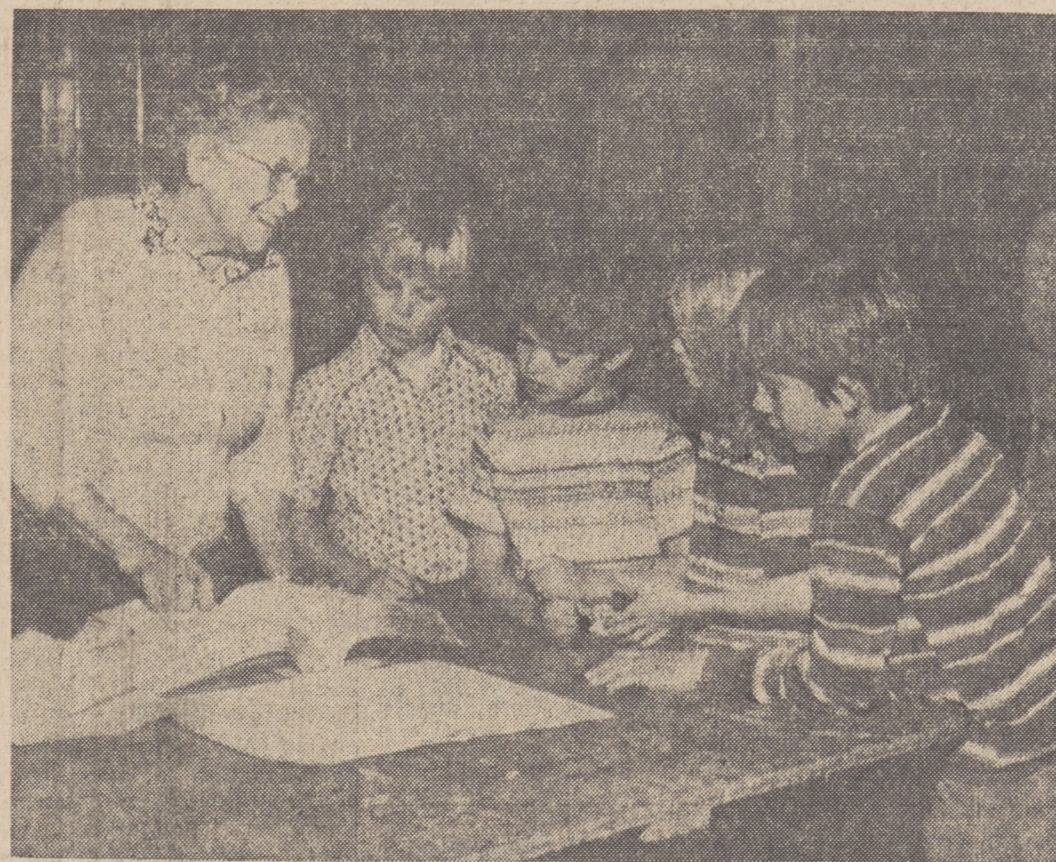

Three suggestions made by Benjamin F. Stout, of 1669 Whitestone rd., Spring Valley, were rejected. He requested a reduced speed limit on Jamacha blvd. as well as stop controls at the Jamacha-Sweetwater Springs blvd. and Jamacha-Whitestone rd. intersections.

The committee recommended against reducing the speed limit on Jamacha and indicated that there is evidence that the limit east of Sweetwater Springs should be increased. Speed limits are currently 45, 50, and 55 miles per hour in that area.

As for stop controls, the committee ruled that stop signs at Sweetwater Springs would only worsen the accident rate there and should not be used as an interim measure pending installation of signal lights next spring.

At Whitestone, the committee said that there was no demonstrated problem and that stop signs were not needed because of traffic imbalance. Whitestone serves about 500 cars daily, compared with over 10,000 for Jamacha.

Another rejected request was for traffic controls at the intersection of Mt. Vernon,

**YOUTH VOTE** — Some of the youngest people to ever enter a polling place were on hand at Precinct 49950 at Memory Lane Center in Spring Valley last week, when Mrs. Evelyn Zabel's fourth grade class from Spring Valley Elementary School visited the polls in conjunction with studies. Some of the students were allowed to use a ballot marker on a sample ballot as the voting process was explained. Following the visit,

students returned to school and cast ballots for their own class president and vice president. Republican presidential candidate was Ronnie Manroe, who selected Robbie Fino as his running mate. Democratic candidate was Brian Rogers, who chose Eric Steinbach as his vice presidential candidate. In photo are Precinct Inspector Charlotte Phillips, left, with Manroe, Fino, Rogers and Steinbach. Demos won by four votes.

### Van's Antics Lead To Beer, 'Weed' Bust

Two occupants of an economy van which was seen attempting to climb a sharp bank in Lemon Grove were arrested last week on charges of possession of marijuana and possession of alcohol by a minor.

Taken into custody were David G. Schirmer, 19, of San Diego, and Jonathan B. Hall, 20, of 8830 Greenview, Spring Valley.

Patrolling deputies observed the vehicle as it was spinning its wheels in an effort to climb a steep bank in the area of Imperial ave. and Hilltop dr. in Lemon Grove at about 1:20 a.m. last Tuesday.

The driver of the suspect vehicle was contacted, according to reports from the Sheriff's Department, and an odor of burned marijuana was noted emitting from his person.

The passenger in the vehicle, later identified as Hall, stepped from the van, and deputies found a hand-rolled cigarette believed to contain marijuana on the roadway where he had exited.

Both suspects were arrested at that time and charged with possession of marijuana. A subsequent search of the vehicle netted a second hand-rolled cigarette containing a substance believed to be marijuana, as well as two bottles of beer.

### PEP, PL 874 Funds in Doubt

The Lemon Grove School District Board of Trustees met Tuesday night and approved a Public Employment Program agreement, ok'd application of Public Law 874 funds, gave the green light to construction of a warehouse, and tabled action on proposed school finance reform.

Assistant Superintendent for Business Service Paul Reynolds reported to the board that Public Employment Program funds, which are offered on a matching basis by the federal government, were included in an HEW package that was under presidential veto.

The results indicate that the program will be funded on a month-to-month basis. The board approved an agreement

### Valhalla High To Be Open in Fall of 1974

Construction of Valhalla High School will get underway next year and the controversial campus should be open in time for the fall semester in 1974.

The Grossmont Union High School District board of trustees met last Friday night and accepted recommendations of a citizen's advisory committee to build the school to the "B" level and finance construction through a tax increase.

Trustees made the decision after considering the committee's recommendations as well as letters from the community, comments from members of

### Planners OK L.G. Goals

"The Goals of Lemon Grove", as formulated by the members of the Lemon Grove Planning Association, were adopted at a general meeting of residents, property owners and businessmen last Thursday night.

Over seventy-five local people attended the meeting and heard James V. Dorman, chairman of the LGPA give a brief history of the groups formation and Benjamin Ela explain how the group had arrived at the preliminary version of the goals.

The goals, which had been mailed to each property owner in the community, were adopted with no major changes. Those attending, although expressing a concern against anything that resulted in higher taxes, voted overwhelmingly to adopt the goals and present them to the Planning Commission and the Board of Supervisors for approval.

Retiring Supervisor Henry Boney who had been scheduled to attend the meeting was represented by Bob Stuart, field representative in the Second District. Stuart summarized Boney's opposition to the Comprehensive Planning Organization, which the present Board of Supervisors has declined to join.

The next meeting of the Lemon Grove Planning Association will be held December 14, at 3 p.m. at the Golden Avenue School Auditorium. The public is invited.

the audience, and their own survey.

The board was faced with a decision on how much of the ninth school should be built and how to finance its construction.

Three proposals on how much of the school should be built were considered.

The "A" level would house a ninth-grade only program and would remove Mt. Miguel and Monte Vista High Schools from present double sessions.

The "B" level would house about 2,000 students under a four year program and remove Mt. Miguel and Monte Vista from double sessions.

The "C" level would call for construction of the campus at full capacity, removing existing double sessions and overcrowding in the district.

Two proposals for financing the school were considered. One was for a special bond election early next year and the other was for a special tax levy which is currently in use to be expanded next year.

The special levy was approved earlier this year for the purpose of constructing the school to the "A" level. The levy will be increased next year to provide additional money to build the "B" level.

### Helo Busts Car Strippers

A sheriff's helicopter crew solved a crime on election day that no one knew had been committed... except the culprits.

While on patrol, the flying deputies noted two cars parked in a remote canyon. Thinking it a bit unusual, they came in for a closer look. Two men busy stripping a brand new car quickly abandoned their labor and fled in the second car.

The helo crew called for ground reinforcements and kept the suspects in sight until a sheriff's patrol car intercepted the getaway car a few miles away.

The car being stripped was a 1973 Pontiac, stolen from a local dealership... but the agency had not missed the new car until notified by the sheriff's officer.

### Grand Jury Hands Down Indictments

Three men were in custody last week after the San Diego County Federal Grand Jury handed down indictments Wednesday on counts of bank robbery and conspiracy to commit bank robbery.

Taken into custody Wednesday was Charles Edward Shine, 19, of 741 Bollenbacher st., Encanto, who was booked in county jail. A second suspect, Willard Earl Robertson, 20, was arrested in Los Angeles earlier on a local charge there. Surrendering Thursday afternoon was Keith A. Harris, 18, who was arraigned in Federal Court, as was Shine.

Two other suspects, who were not identified by investigating FBI agents, were still at large.

The men are suspected of robbing the Sweetwater-Jamacha branch of Bank of America in Spring Valley October 17. In the robbery, five men escaped in two stolen vehicles with nearly \$9,000.

The men, all wearing stocking masks, ran into the bank, herded about 25 customers to the side of the building, took cash from three teller windows, then ran out of the building.

Once outside, one of the suspects exchanged fire with the driver of an approaching armored truck, then all fled in two vehicles which were found about two blocks from the scene.

The bandits apparently switched into one vehicle at that point and escaped. The two stolen vehicles were later traced to local auto dealerships.

\$100,000 bond was set for the three suspects indicted. Each count is punishable by a maximum prison sentence of 25 years and/or a maximum fine of \$10,000.

### Bid by Phone

## COMBO TV Auction On Channel 10

Everyone in San Diego County is invited to join the bidding for the bargains at COMBO's TV auction Nov. 29.

Like a visual Christmas catalog, Channel 10 television cameras will zero in on a varied array of merchandise and services contributed by local merchants during "prime time" from 8 p.m. to 2 a.m.

Everyone benefits from the COMBO auction — the successful bidder gets merchandise below the retail price and the twelve cultural organizations in San Diego get the proceeds.

COMBO volunteers have been combing the county for irresistible gifts in wide price ranges from gallons of ice cream to a 1972 automobile and a townhouse. For the practical, there will be a power mower, a radial saw, \$1000 tuition at a college of business, exterior paint for a home, a movie camera and hundreds of other items.

During the TV auction, the auctioneer will describe the items on a table while the camera focuses on them, giving the name of the donor and the minimum bid if there is one.

When the viewer wishes to bid, he simply phones 236-1972. His bid is posted on a display board beside the table, and if he is outbid, he may call back and bid again. If his is the highest bid, he will be notified by phone where and when to pick up his purchase.

Fifty operators will be answering the telephones to keep the bidding lively. Mastercharge or BankAmericard will be accepted as well as cash payment.

## Concert To Benefit

### Tom Rothhaar Family

A combination worship service and benefit concert will be staged Sunday at 7 p.m. in the San Diego First Methodist Church in Mission Valley.

The concert, featuring composer-lyricist-singer Jim Strathee on guitar, will help raise funds for Tom Rothhaar, pastor of Lemon Grove United Methodist Church.

The Rothhaar family faces large medical costs after the premature birth of Rothhaar's son, Eric, earlier this year. The infant required surgery shortly after birth. Donations will be \$1.

## San Carlos Church Marks Tenth Year

The San Carlos United Methodist church will mark its 10th anniversary Sunday, with special services.

The Rev. Charles Rose, first pastor of the church when it opened in a Navajo Shopping Center storefront in October, 1962, will be guest pastor for the day.

Charter members of the church will be recognized during services at 9 and 11 a.m. A pot luck luncheon will follow.

**NEWLYWED** — Robin Kay Daines, daughter of Mr. and Mrs. Duane C. Daines of 4025 Conrad dr., Spring Valley, and Ronald Robert Edwards, son of Mr. and Mrs. William R. Edwards of San Diego, exchanged wedding vows October 21. The bride was graduated from Monte Vista High School and the JeBoutique College of Beauty, El Cajon. Her husband was graduated from San Diego High School and served with the Air Force. The newlyweds reside in Lakeside.

## Our Men In The Armed Forces

### Ronald Brown

Army Specialist Four Ronald H. Brown, son of Mr. and Mrs. Robert Brown, of 3643 Fairway dr., Brookside, recently returned to his home station in Darmstadt, Germany, after participating with the 547th Engineer Battalion in a 30-day major training area exercise in Grafenwohr, Germany.

The Engineers spent their time on construction and repair projects. The projects included the construction of a timber trestle bridge, a forest

road, artillery range bunkers and a concrete turn pad for tracked vehicles. They also repaired tank trails and demolished an old German tower.

Spec. Brown, a truck driver in Company D of the Battalion, entered the Army in January 1971 and completed basic training at Ft. Ord, Calif.

The 20-year-old soldier was graduated from Mt. Miguel High School, Spring Valley, in 1970.

### Carl Alexander

Army Private First Class Carl D. Alexander, son of Mrs. Shirley F. Gordon Hurst, 1159 Purdy st., Spring Valley, recently completed eight weeks of basic training at the U. S. Army training center, Armor, Ft. Knox, Ky.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and Army history and traditions.

Pvt. Alexander received training with Company A, 15th Battalion of the 4th Brigade.

The 18-year-old soldier is a 1972 graduate of Mt. Miguel High School.

## Learn Spanish The Easy Way

## Hardison's Telespanish

By JAMES HARDISON

"Figura" is perhaps the most common Spanish word used to express the equivalent concept of "figure" in English. This may be seen in expressions like "Es una figura de vidrio." (It is a glass figure.) and "Historicamente ella es una figura de mucha importancia en ciencias." (Historically she is a very important figure in science.)

"Cifra" may also be used to suggest "figure." Examples of this are expressed in "Es una columna muy grande de cifras." (It is a large column of

figures.) and "No me gusta sumar una lista grande de cifras." (I don't like to add up a large list of figures.)

"Numeros" may be used to express "figures." This meaning is demonstrated in sentences like "No puedo ver estos numeros." (I can't see these figures.), and "Son numeros nuevos que el no entiende." (They are new figures that he doesn't understand.)

"Resolver" is used to express "figure out" in English. Some examples of this meaning are reflected in phrases like "Muy pronto voy a resolver como ganar mas dinero." (Very soon I am going to figure out how to earn more money.) and "Nosotros podemos resolver el problema juntos." (We can figure out the problem together.)

"Calculo" is a way to say "I figure" in the sense of "I would calculate." This permits us to say "Yo calculo que el tiene razon." (I figure that he is right.) and "Yo calculo que su respuesta esta completa." (I figure that your answer is complete.)

Other phrases which represent various methods of translating "figure" into Spanish are listed below. You may enjoy learning how to say them with the aid of the recorded voice that says them for you when you dial 276-2762 on your telephone. Try it, you may like it.

### IMPORTANT PHRASES:

Say "Hay muchas cifras." (AH-ee MOO-chachs SEE-frahs) for "There are many figures."

Say "Ella calcula la cuenta." (EH-yah kahl-KOO-lah lah coo-EHN-tah) for "She figures (out) the bill."

Say "Yo no puedo resolver esto." (yoh noh poo-EH-thoh reh-sohl-VEHR EH-stoh) for "I can not (resolve) figure this out."

Say "Estos numeros son completos." (EH-stohs NOO-meh-rohs sohn kohm-PL-ehs) for "These numbers are complete." or "These figures are complete."

Say "Son figuras muy grandes." (SOHN fee-GOH-grahs MOO-ee GRAHN-dehs) for "They are large figures."

## 'Pioneer Days' Is Theme Of Saturday Bazaar

"Pioneer Days — 1972", an old fashioned bazaar, will be held Saturday, from 11 a.m. until 8 p.m. at the United Church of Christ, 2770 Glebe rd., Lemon Grove.

Sponsored by the Women's Fellowship, special bazaar features will include a free museum and art display of antique items and a "Jump for Joy" for youngsters.

Women will sell hand-made items including candles, macrame items, fancy work, stuffed pillows and toys. Mexican Pottery, leather goods, home-made bakery goods and home canned foods, potted plants and garden bulbs as well as "white elephant" items will also be for sale.

A snack and lunch bar serving from 11 a.m. until 3 p.m. will be manned by the Junior High Fellowship.

A barbecued beef dinner and trimmings is scheduled from 4 to 8 p.m. Price is \$2 for adults and \$1 for children under 12. A special rate for the whole family is \$6. Early American folk tunes will be played by the "Grayson Express" from 4 to 7 p.m. Dinner tickets will be sold at the door.

In addition to aiding various church and mission projects last year, the Women's Fellowship has donated \$100 to United Project Understanding, \$50 to Indians, and \$75 to Peppermint Ridge, a home for handicapped children.

## Rotary International To Be Discussed

The weekly luncheon-meeting of the Spring Valley Rotary Club will be Friday at 12:10 p.m., in the Ox Bow Inn, Campo rd., in Casa de Oro. All Rotarians are welcome, said president Greg Barker.

Guest speaker will be Court Shepard, a Spring Valley Rotarian, in charge of Rotary Foundation. He will be speaking on Rotary International Foundation.

**HOLIDAY HELPERS** — Eighth grade students Laurie Callaway, left, Lorrie Hibert, and Carol Shifflet, members of the Girls League at Spring Valley Junior High School, stack the results of a recent canned food drive

held at the school under the sponsorship of Girls League. The canned and dry goods collected will help make happy holidays for needy families in Spring Valley.

## Carver To Be Honored By Baptist Church

Rev. Rod Carver, pastor of the First Baptist Church of Spring Valley, along with his wife and son, will be guests of honor at a reception by the church congregation and friends, Sunday, from 2 to 4 p.m., in the Social Hall.

Carver, before being engaged by the church as its regular minister, preached at the

Carver

church at various times. He was ordained a Baptist minister in 1950 at Greenville, N.C., where he was born.

Carver also attended Bible Institute of Los Angeles for four years. Besides his religious work Rev. Carver is also a licensed plumber.

He is married and the father of two married children and a son at home.

## 150,000 Bike-A-Thon Entry Blanks Available

More than 150,000 entry forms are now available for the first San Diego Diabetes Bike-A-Thon, December 3.

According to Steve Tallian, of Lemon Grove, the entry blanks, which must be completed with sponsors names and pledges before the start of the Bike-A-Thon, are being distributed at McDonald's restaurants, bike shops, and the Diabetes Association office at 1970 Third avenue in San Diego.

Steve's son, Gregg, 6, a diabetic, will be participating in the day-long Bike-A-Thon to raise money for the Association. Joining him will be Brett Mauldin, 14, a diabetic who last year bicycled 2900 miles from the Western White House to the Eastern White House.

Two Bike-A-Thon routes, each averaging 25-miles will be offered. One will be along University and El Cajon Boulevard in East San Diego, the other on Broadway, National ave. and Third in the South Bay.

All riders who complete five

check points receive a free hamburger from McDonald's and all entrants will get a soft drink from the restaurants, which will also serve as check-in stations.

Riders, Steve said, should have sponsors pledge an amount of money for each mile the rider pedals along the specified route.

The proceeds, tax-deductible, will help fund the Southern California Diabetes Association, San Diego, in its endeavors toward research, detection, education, and a summer camp for diabetic youth.

## Bazaar, Dinner To Celebrate Church Birthday

Saturday and Sunday, the Lemon Grove United Methodist Church will celebrate its Twentieth Anniversary with an annual bazaar, a dinner and a special Sunday Commitment Service.

The bazaar will be from 10 a.m. to 8 p.m. in Don Cooke Fellowship Hall, together with the dinner, prepared and served by the Women's Society of Christian Service from 5:30 to 7:30 p.m. Tickets are \$2 for adults, \$1.75 for juniors twelve to sixteen years and 75 cents for children under twelve.

The Sunday Commitment Service at 10:30 a.m., with Rev. Tom Rothhaar preaching will be followed with "birthday cake" and coffee.

The bazaar chairman is Mrs. Carol Thompson and the dinner chairman is Mrs. Harold Hensley.

## Bus Trip To Include NBC Tour, TV Show

Two buses will leave the Spring Valley Mayfair Market at 8:45 a.m. tomorrow for a tour of NBC studios, a taping of the "Dean Martin Show", and a stop at Knotts Berry Farm.

The trip, sponsored by the Junta De La Noche section of the Spring Valley Woman's Club, will benefit the club's scholarship fund.

A \$10 ticket will include bus fare, admission to activities, donuts and coffee, and a no-host luncheon and dinner. For details, call 461-5625.

## Woolly Whitefly Problem Serious

The Woolly Whitefly situation continues to be extremely serious, reports Kenneth K. Little, Jr., San Diego County Agricultural Commissioner. Recent news articles on the Woolly Whitefly infestation prompted many concerned home owners to report additional infestations to State and County agencies.

Little stated he is encouraged by the heavy response and the interest of the homeowners. "So much so," he said, "that we decided to issue a call for help from the homeowners north of Interstate Highway 8, including Fallbrook, Escondido, Vista, Encinitas, Carlsbad, Oceanside, and other North County areas. Home owners are urged to inspect their citrus trees and attempt to determine if the Woolly Whitefly is present.

Ray Rinder, Deputy Agricultural Commissioner in charge of Pest Detection and Eradication, said any effort contributed by the home owner can greatly reduce the manpower needed to survey for the pest. In addition, home owner action can speed up the program to release parasites throughout the quarantine area, and help to determine spread of the pest.

Home owners may recognize the Woolly Whitefly by a white, woolly mass on the underside of leaves of host plants. The white mass may be in small spots, or it may cover the entire underside of the leaf.

## Tough Andy Williams Golf Tourney On Tap

Three weeks later, some four shots tougher and \$20,000 richer, the 6th annual Andy Williams San Diego Open golf tournament will be held February 15-18 at Torrey Pines South course.

The \$20,000 Pro-Am will be held February 13 at North Torrey Pines and La Costa CC and February 14 at both Torrey Pines layouts. The \$170,000 Open follows on Torrey Pines South.

Previous Opens have been played on a combination of 15 south course and three north course holes during the final week of January and have offered \$150,000 in prize money.

Norrie West, the tourney's executive director, estimates that the new holes, 11, 12 and 13 of the south course, plus new tees lengthening holes No. 3 and 15, will add from three to five strokes to the 72-hole score.

**HOT CHARIOT** — Valerie Peters, a senior at Granite Hills High School, gets advice from Tony Caprio on how to drive a chariot in last Friday night's chariot races, which were part of Granite Hills homecoming activities. Miss Peters, who was pulled by classmates Bob Shannon, Jon Marquize, Terry Atkinson, and Alfonso Perez, won the race. The chariot was constructed by Caprio at his custom paint and fiberglass shop at 7848 Lester ave., Lemon Grove. Upholstery work was donated by Custom Upholstering, at 3524 Main st., Lemon Grove.

## Helix Advisory Council Elected

Elections have been completed and 30 people have been selected to serve on Helix High School's first Citizens' Advisory Council. Over 60 people were nominated for positions on the new body, which will serve to advise the principal, Ben Hart, in matters of community concern.

The new council, which is similar in make-up to councils being formed in all eight Grossmont District high schools, is designed to bring the school closer to the community and make it more responsive to community desires.

Hart served on the committee which drew up the guidelines for the new councils, which provide for an election format to guarantee socio-economic, ethnic, and geographic balance.

The first meeting of the group is scheduled for 7:30 p.m. November 30, in the school's library. The purpose of the meeting will be to elect a chairman and a secretary, and to plan the activities of future meetings.

Mrs. Robbi Aboraa, John Annis, R. W. Bope, Mrs. Doyle Childers, Mrs. Dollie Douglas, Mrs. Vernon Neeley, and Mrs. Theda Payne, all of Lemon Grove, are included in the group.

## AREA OBITUARIES

# Services Planned For Maude Wilson Stewart

Funeral services were scheduled for this afternoon at 2:30 p.m. at Bonham Brothers Mortuary for Mrs. Maude Wilson Stewart, 91, of 8351 Broadway, Lemon Grove, who died November 2 at Hillside Hospital.

Mrs. Stewart, a native of Iowa, moved to this area in 1899 and was married to the late Don M. Stewart in 1902. Her husband was Lt. Cmdr. of the Naval Militia of California and was active in San Diego City government for several years.

Survivors include a son, Donald, of Chinese Camp, California; a daughter, Mrs. Alden R. Sanborn, of Maryland; a brother, Edward W. Wilson, of San Diego; four grandchildren, and one great-grandchild.

Interment was in Mt. Hope Cemetery. The family suggested contributions to Saint Paul's Episcopal Church of

San Diego or to the San Diego Historical Society.

## L. B. Jenkins

Memorial services were held Monday afternoon at Greenwood Mortuary for Lolo Blanche Jenkins, 87, of 2839 Drew lane, Lemon Grove, who died November 10 at her residence.

A native of Pennsylvania, Mrs. Jenkins lived in this area for 46 years and was employed for 10 years as a saleslady at Walker Scott. She was also a member of the Church of Jesus Christ of the Latter Day Saints, Second Ward, Spring Valley.

Survivors include a daughter, Mrs. Lenora Bascom, of Lemon Grove, and three grandchildren. Entombment was in Greenwood Mausoleum.

## J. Messina

Recitation of the Rosary was held Sunday evening at Greenwood Mortuary for Josephine Messina, 75, of 8071 Canton dr., Lemon Grove, who died November 8 at Villa View Hospital.

Requiem Mass was celebrated Monday morning at Saint John of the Cross Catholic Church in Lemon Grove. Entombment was in Greenwood Mausoleum.

Mrs. Messina, a native of Italy, lived in this area for 16 years and was employed for 40 years as a spinner at Wood Mill Company.

Surviving are her husband, Louis Messina; three daughters, Mrs. Sally Ursillo and Mrs. Dorothy Morcombe, both of La Mesa, and Mrs. Mitzi Wallace, of Lemon Grove; a

## Griffs Wrap Up Dismal Season Sat.

A disappointing season at best will be finished Saturday afternoon at Aztec Bowl for the Grossmont Griffins when they host Riverside College at 1:30 p.m.

Last week, the Griffis invaded the stadium of the nation's top ranked junior college, and nearly came away with an upset.

Grossmont battled a bigger, faster Arizona Western team in biting cold and fierce winds. The Griffis clung to a 6-6 tie with six minutes to play before the Matadors unleashed a pair of late scoring strikes to win it.

The Griffis got on the scoreboard first with a 50-yard field goal by soccer-style booter John Choukair after a fumble recovery by teammate Doug Coffin.

Arizona came back to score on a 53-yard pass play, taking a 6-3 lead. The extra point failed.

In the second quarter, Choukair was at it again, this time connecting on a 29-yard field goal to tie it, 6-6. Neither team scored in the third period.

As the fourth quarter opened, Grossmont nearly got its upset victory when freshman Mark Wollich rambled 47 yards from scrimmage to put the ball on the Matadors' 27-yard stripe. But the Griffis were stalled at that point and had to surrender the ball.

As the game waned, Grossmont was trapped deep in its own territory by a rugged Arizona defense and was forced to punt the ball out of its own end zone into a 20 mph wind. The ball sailed out of bounds at the Griffin 37, giving the Matadors excellent field position.

Arizona scored seven plays later to take the lead for keeps. The Mats added another score with 40 seconds remaining on a 14-yard running play.

## Parapsychology To Be Explored

"What Parapsychology Means to You" will be further explored when John Logan speaks on "Biological Response to Psychic Influence on Plants and Animals" at 8 p.m. tonight in the Spring Valley Junior High School auditorium.

Logan, a member of the California Parapsychology Foundation and an officer in the group's research committee, has been a lecturer and teacher of parapsychology, psychometry, mental telepathy, astral healing, yoga, spiritual mind healing, meditation practice and sensory awareness.

He is a graduate of Rice University and the General Theological Seminary. He is presently a Minister-at-large in the Teaching of the Inner-Christ religious organization and the International New Thought Alliance.

James Mullin, chairman of the research committee of the California Parapsychology Foundation, will continue the series at 8 p.m., Friday, in the Student Center at Grossmont College when he discusses "Parapsychology Research in the Soviet Union."

"A philosophy instructor at Grossmont College, Mullin has also presented courses in parapsychology in the University of California, San Diego's extension program.

The public is invited and there is no charge for admission to either program.

## Scout SOAR Program Gets Sea World Aid

Boy Scout Days at Sea World, which will run through Nov. 26, were kicked-off Wednesday with a special donation of more than \$100 in coins to the San Diego Council, BSA.

The donation — Sea World's October collection of "Pennies from Ponds" — will support the Boy Scouts' SOAR program (Save Our American Resources) and the local council's living Christmas tree project.

The San Diego Scouts have set a goal of 2,000 trees which are needed for landscaping at Camp Coochama. The \$100 donation will purchase 10 three-to four-foot trees for the memorial forest.

As part of Sea World's Salute to SOAR, an Alcoa collection center has been set up at Sea World to further support and raise money for the Scouts' ecology programs. All Scouts bringing 12 or more empty Coca-Cola product aluminum cans, will receive a free Coke while visiting the park, with all proceeds going to the Boy Scouts of Southern California.

Scout days are held annually at the 80-acre marine park for Scouts and their families from throughout Southern California. This year, more than 5,000 Scouts are expected.

## Chaparros Claim Perpetual Plaque

Annette Bruno and Sheri Lynn Snively, of the Jamul Chaparros 4-H Club, captured first places in Saturday's 4-H Home Economics competition in El Cajon.

Totally, the local club claimed 10 blue ribbons in the junior division, ten blue ribbons and four red ribbons in the intermediate division, and one blue ribbon and three red ribbons in the senior division.

Points awarded for ribbons earned the club the home economics perpetual plaque, which will be kept one year.

In other club news, president Alan Freeman announced that the Chaparros will host a county-wide horse show at the ETI ring at Jamul-Las Flores School.

### Vincent Whelan Gets ABA Committee Post

Attorney Vincent E. Whelan of Chula Vista has been appointed to a three-year term on the American Bar Association's standing committee on association communications.

Robert G. Steiner, San Diego County Bar Association president, has announced.

Whelan, 38, is a partner in the San Diego and La Jolla law firm of Higgs, Fletcher & Mack.

The 10-man communications committee is responsible for all ABA publications and information activities. This year for the first time it will handle the national program for Law Day USA, May 1, according to Steiner.

At the same time, Steiner announced that attorney C. Hugh Friedman has been named Law Day chairman of the local 21-member committee.

Law Day, an annual celebration of the institution of the law, will highlight the court system next year.

### Mazer, Heifetz Head Symphony Concerts

Guest conductor Henry Mazer will open concert evenings with Lutoslawski's "Little Suite" in premiere performances with the San Diego Symphony Orchestra tonight and tomorrow.

Performances both evenings are at 8 p.m. in the Civic Theatre. Sharing guest honors will be 22-year old violin virtuoso Daniel Heifetz, making his second appearance with the Orchestra.

Mazer, associate conductor of the prestigious Chicago Symphony, is highly regarded throughout the world as a superbly gifted conductor with absolute command of the orchestra and the music. His selection of the Lutoslawski work is indicative of his musical taste.

Heifetz will play Beethoven's only violin concerto, the Violin Concerto in D major. This was last presented in January 1970 with guest artist Christian Ferras.

**LUNCH ON THE JOB**—Construction workers in Lemon Grove last week had completed cement work at lunch time and were a bit too dirty to take lunch at a restaurant, so the restaurant brought lunch to them. The men are working on an industrial office center at 7917 Lester ave. for Chuck Jansen and the Maurice Construction Company,

who will be co-owners of the center. Most workers don't rate a restaurant on the job site, but Jansen is the owner of the El Amigo Restaurant in Lemon Grove so his workers get special treatment. The center, which will house offices, industrial shops, and storage space is expected to be completed early next month.

### Winds Don't Stop Local Band Winners

High winds that blew away rain clouds and allowed the annual Hawthorne Invitational Band Review to proceed as scheduled Saturday played havoc with some of the local bands.

In spite of the sudden wind gusts that caused hats to go awry, banners left behind and uneven ranks, four Grossmont District bands were winners among the 45 competing musical organizations.

Sweepstakes was won by Orange Glen with 93.85 points. In Class AA Mt. Miguel was 2nd with 93.45 and Helix third with 92.0. In Class A El Capitan was third with 90.7 and El Cajon placed in Class B with 90.65.

In the Hand Corps Competition Helix tied for first and for Showmanship Mt. Miguel was judged first with Helix second. The Helix parade score was the fifth highest recorded Saturday.

Arkansas became a state in 1836.

**MOTHER GOOSE PRINCESS** — lovely blue-eyed Kathleen Moore was last week crowned 1972 Mother Goose Princess and will reign over the 26th annual Mother Goose Parade November 19 in El Cajon. Miss Moore, a 16-year old Helix High School student, is the daughter of Mr. and Mrs. Robert G. Moore, of La Mesa.

## Penalty Costs Miguel Band Sweepstakes

A one-point penalty deprived Mt. Miguel High School's marching band of the sweepstakes trophy in last week's Hawthorne Band Review.

The 130 Matador musicians, Banderettes and cape corps attempt to correct that fault Saturday when they compete in the West Arcadia Band Review.

Judges in the Hawthorne Review deducted one full point from Mt. Miguel's final score for playing music in a halt position at the beginning of the band's performance. Review

The penalty dropped Miguel's score to 93.45, good for second place in Class AA competition. Arcadia High took first spot with 93.60 score and Orange Glen of Escondido snared sweepstakes honors with a 93.65 rating. Helix High of La Mesa was third with a 92.0.

The combined Matador band and cape corps took first place in the entertainment category while the cape corps garnered a fifth place finish in drill team classification.

This week's activity at Arcadia will find the band's drum

section performing in a separate category immediately following the regular parade. Drum section leader Julie Adams will attempt to direct her 19-member group in a repeat of last year's rating which saw Mt. Miguel win a sweepstakes trophy. The band won a second place in its class in the 1971 Arcadia affair.

Other band appearances this week include participation in a concert at the Marine Corps Recruit Depot, Friday, at 1 p.m. and marching in the El Cajon Mother Goose Parade, Sunday, at 2 p.m.

## Monte Vista Crushed By Foothillers

A dismal season for Monte Vista football took another step in that direction last Friday night as the Spring Valley team took it on the chin, 30-6, at the hands of the Grossmont Foothillers.

Monte Vista, winner of one in six games in the league season, looked like a loser last week from the opening kickoff while playing the role of tune-up victim for Grossmont, which was preparing for tomorrow night's clash with Helix.

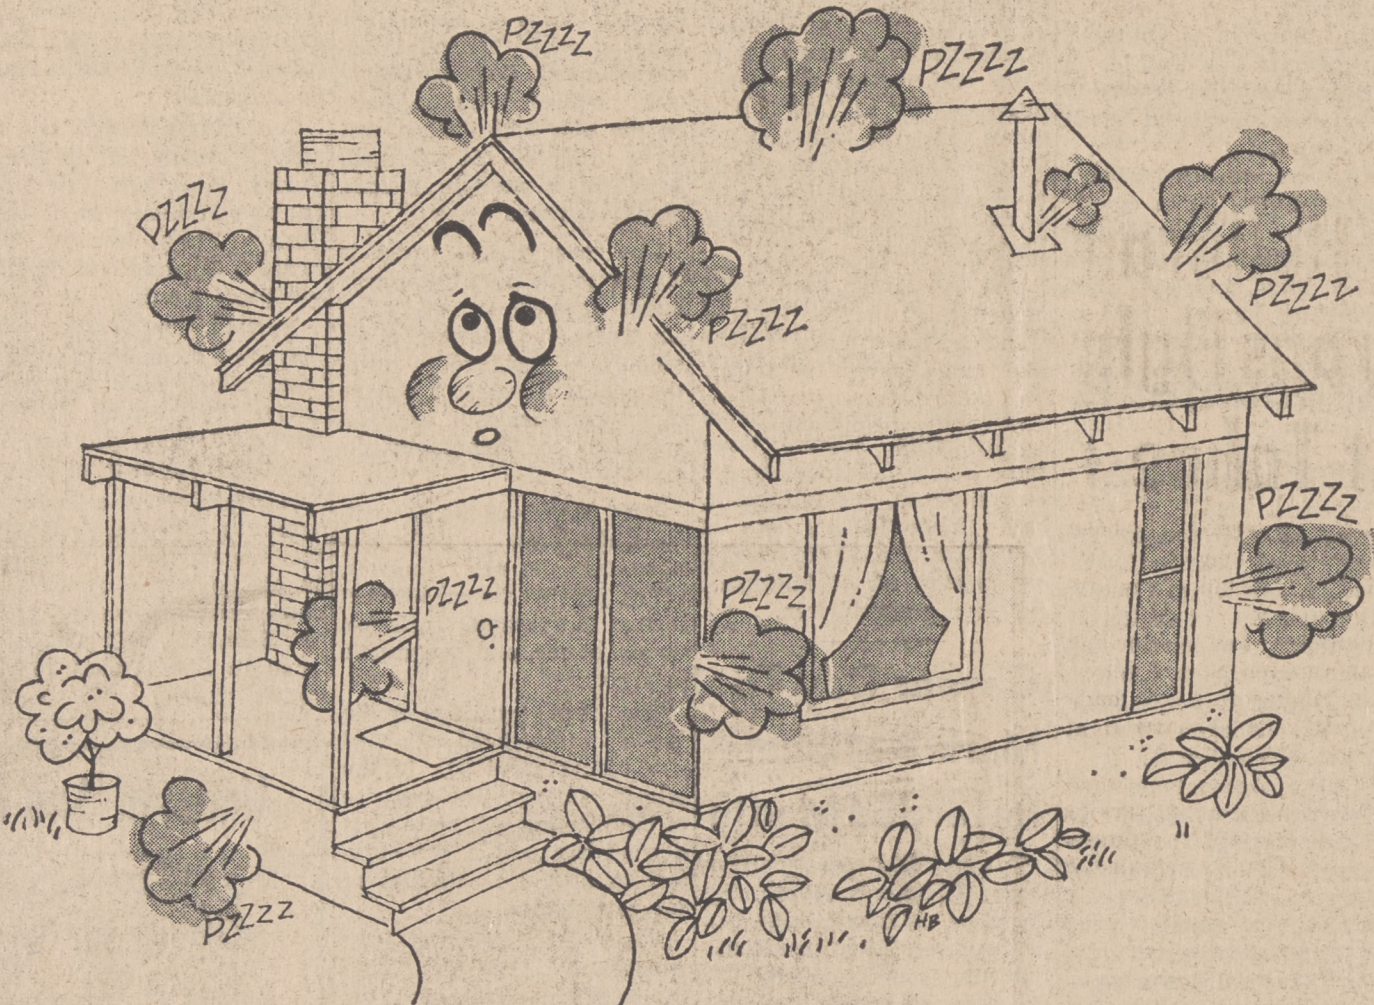

The Monarchs accommodated a hungry Hiller team by giving up two fumbles, four interceptions, and 70 yards in penalties. The Monarchs got off on the wrong foot by fumbling the opening kickoff, with Grossmont scoring five plays later.

The only bright spot in the game was a 61-yard run by sophomore quarterback Steve Perdue for a touchdown in the second quarter.

The team will try to put it all together tomorrow night in the role of spoiler when the Monarchs host Mt. Miguel. The two teams are arch-rivals and a victory would help the Monarchs to forget an otherwise disastrous year.

Stockholm, Sweden, is built largely on 13 small islands and boats are used for taxicabs in much of the city.

# Has your home sprung an energy leak?

Your home may be losing its cool. Or its warmth. Right before your very eyes. And you can't even see it! All that heating or air conditioning you've paid good money for is sneaking invisibly through locked doors, closed windows, even solid walls and ceilings.

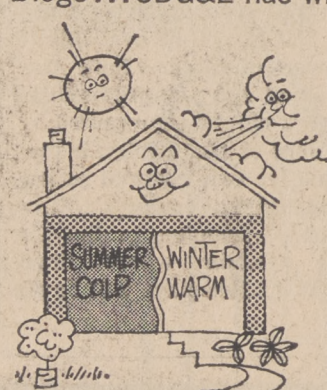

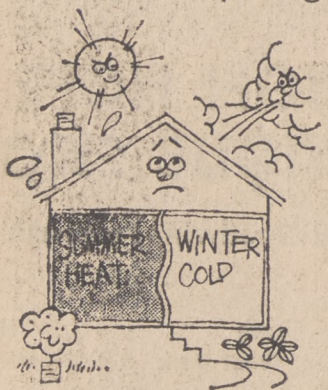

You can stop the great energy escape... effectively, easily and inexpensively... with insulation.

Insulation is one of the few house improvements that will pay for itself in 3 or 4 years. You'll not only save on your utility bill, but you'll stop costly wear and tear on your heater and air conditioner. By reduc-

ing waste, insulation helps conserve valuable natural resources. And, most important, insulation makes you more comfortable... cooler in the summer and warmer in the winter.

Because insulation's so important...even in San Diego...SDG&E has written a booklet all about it. How much you need, where to get it, costs...all the details step-by-step.

The booklet's free. Because we consider it part of our job to help you use your energy wisely. So, just send in this coupon today...and start stopping that energy leak!

# Basketball Players Are Smartest Students Says College Teacher

By Max Goodwin

Miss Carrol Green loves Connie, a story of a tender love affair with a May-December theme.

It comes out all right since Connie is the two-months old San Diego Conquistadors basketball team and Miss Green, who's life spans about 75 years has loved basketball — and basketball players all during her long tenure as a junior college teacher.

Miss Green holds a season ticket — one of a set of three. The other two of the set belong to an El Cajon family of Martin Kennedy. Kennedy, a one-time high school basketball coach is now principal of Lemon Grove's Skyline High School at Skyline and Jamaica rd.

Miss Green's path crossed Kennedy's, and Sharon Daly's, Kennedy's wife-to-be when they were attending the Jefferson City Missouri Junior College. Miss Green was head of the college's social science department. Kennedy, who played a pretty good game of basketball was earning his educational way by doing maintenance work in the few hours

between school, study and basketball. One of his jobs was the home of Miss Green's.

## Good Worker

"He was a good worker. I knew he'd be," Miss Green said Sunday night during the game between the Conquistadors and Indiana. (Indiana won 124-119). "All my students who played basketball were smarter and more dependable than the others. I have taught more than a thousand basketball players and not one has ever disappointed me."

As a basketball fan in Missouri she was a regular visitor to St. Louis to the Hawks, the Celtics and the Globetrotters play. "Many fans do not realize that the Globetrotters are one of the best teams in the nation. Some see them only as a funny team. They play a solid game whenever they turn to it," she said.

Kennedy went from City College to Lincoln University of Missouri in Jefferson City and became the only white player on Lincoln's team. There he once played against K. C. Jones, the Cons' coach, who was then on a championship service team. Kennedy earned a fellowship in physical educa-

tion at San Diego State where he did his masters. At the time he took up teaching as a career in San Diego. Back in Missouri, Miss Green's health began to fail. She had no family. She accepted the Kennedy family's invitation to come to San Diego to live with them. The Kennedy's 12-year-old son, Drew, is also a Conquistador fan. That explains the three season tickets.

Miss Green's favorite Conquistador is Larry Miller, the 6-4 1/2" guard. Ans Dilley, Conquistador publicist, arranged Sunday for a little get-together. Miss Green chatted with Larry; Kennedy reminisced with K. C. Jones, and Drew listened to the conversation between the four, fascinated. The team presented Miss Green with an autographed basketball — an honor reserved only for the most deserving, and most appreciated fans.

On the west side of Peterson gym, in the fourth row, about midway in the section is where the trio sit. K. C. Jones is still in the picture, he sits directly in front of them in the first row.

OFF ALI'S CARD— Irish Jack O'Halloran, (above) California State Heavyweight Champion, will not fight Ken Norton for the title Tuesday night at Lake Tahoe. Muhammad Ali, former world heavyweight champ meets Bob Foster, world light heavyweight champ in the main go. O'Halloran said that tendonitis in the elbow will require him to sit out the bout.

## O'Halloran Drops Fight At Tahoe

Sports reporters have been saying it all along.

Now Jack O'Halloran is saying it.

He won't show up for the O'Halloran-Ken Norton heavyweight fight on the Muhammad Ali-Bob Foster fight Tuesday at Lake Tahoe.

O'Halloran, who headquarters at La Jolla and at various bistros in San Diego claims a bout with elbow tendonitis in his arm has laid him low.

Dr. William Lundeen, ring physician for Knockout Promotions, the sponsoring group for fights at San Diego Coliseum, said the ailment is the same as the one Sandy Koufax, the Dodger pitcher had.

O'Halloran said the doctor ordered him to rest. O'Halloran lost a unanimous decision to Ken Norton, a classy San Diego heavyweight on St. Patrick's Day. Then he knocked out Victor Scott in three; took the state heavyweight title from Henry Clark in 12; knocked out Rahaman Ali, Muhammad's brother in eight; Rico Brooks in five and Roby Harris, earlier this month in five.

Sports reporters believe that Norton would beat O'Halloran if the fight were held Tuesday. Each battler would receive about \$7,500 for his effort. But in losing, O'Halloran without the state title, would not be acceptable as an opponent to Muhammad. Thus, O'Halloran would be forfeiting a \$100,000 fight.

O'Halloran's substitute had not been named at press time Wednesday.

## Matadors Tromp Braves; Gird For Monarch Clash

By Doug Gegax

Led by the fine quarterbacking of John Madigan, the Mt. Miguel High School football team got back on the winning track last Friday night by shutting out the El Cajon Braves, 38-0 at Monte Vista High.

Madigan, filling in for injured Jess Jenner, hit five out of six passes for 122 yards while leading the team to a one-man high of 380 yards total offense.

Mt. Miguel started a drive as soon as the local team got the pigskin. In the drive, Madigan tossed a 55-yard bomb to Tom Stevenson, putting the ball on the Brave nine-yard stripe. Steve Haynes, the game's leading rusher with 92 yards, carried it in four plays later from the two-yard line.

Mt. Miguel scored twice more before the half ended, as Haynes took it in from the two-yard line again and Stevenson snared a 14-yard Madigan aerial.

El Cajon couldn't move the ball against the Miguel defense, compiling a total of 42 yards rushing during the entire game.

In the second half, the Braves continued to have offensive troubles. An El Cajon fumble set up a 42-yard Madigan-to-Stevenson touchdown toss.

After Madigan established a lightning bolt pass play, he showed his style as a rusher, breaking through a hole in the line for a 44-yard dash before he was nailed at the one-yard line.

He scored on the next play.

As the fourth quarter began, the second team came in on offense, including former Jayvee quarterback Johnny Krings. The subs were almost as hard to stop as the first string. Krings ran a bootleg play for 14 yards and Mark Richardson scored on a two-yard plunge.

The final game of the regular season will get underway at Monte Vista tomorrow night as the Matadors take on the arch-rival Monte Vista Monarchs.

The game is a crucial one for Mt. Miguel in order to assure a CIF playoff berth. Monte Vista has won only one game this season, but will try to put it altogether for the victory.

## Aztec Champs Rest Up For L.B. Nov. 25 Fray

The long awaited bye week before the annual showdown clash with Cal State Long Beach has finally arrived and it couldn't have come at a better time for San Diego State.

Saturday the Aztecs defeated University of Pacific, 20-7, in San Diego Stadium to win their first Pacific Coast Athletic Association championship since 1969. The Aztecs are 3-0 in conference play (8-1 overall) with one PCAA football game remaining against Long Beach, while Pacific is 3-1. Long Beach 1-2, Fresno State 2-3, and San Jose State 1-3.

San Diego State will use the bye week this week to heal its wounded in preparation for the November 25 battle with Long Beach in Anaheim Stadium. The Aztecs have a number of walking wounded, including nose tackle Alan Thompson and running backs Frank Miller and Samson Horne.

"We'll use this week to get

everybody healthy and ready to play a football game against Long Beach," said Aztec coach Don Coryell. "Hopefully with some rest everyone will be ready to play against the 49ers."

"We scouted Long Beach against North Texas State early in the season and we'll scout them again Friday against Northern Illinois. Maybe we can find a spot to attack."

Against Pacific, the Aztec defense limited the PCAA's top rushing team to just 181 yards on the ground. Defensive back Ken Jackson made 13 unassisted tackles, had three assists and intercepted a pass to set up an Aztec field goal. For his efforts, Jackson was named the PCAA defensive Player of the Week.

## Look For Upsets

### 'Big Game' Night For Grossmont Loop Gridders

By John Nicholson

Tomorrow night is "big game" night on the high school football scene, as arch-rivalries flare.

As the traditional rivalries unravel in the last week of the regular season in the Grossmont League, it will be upset night for some teams, if past performances are any indication.

It was only last year that Monte Vista stunned Mt. Miguel on the last night of the season, eliminating any chance for Mt. Miguel to land an at-large berth in the CIF playoffs.

Tomorrow's match-ups will see Grossmont and Helix squaring off at Aztec Bowl, while Monte Vista entertains Mt. Miguel, Santana visits El Capitan and El Cajon meets Granite Hills.

The two games to watch include the one game most likely to produce an upset this season — Grossmont and Helix. Helix has been breezing along all season and was severely tested two weeks ago at Mt. Miguel. Grossmont had early season woes, but has

looked very impressive the last two weeks.

That contest will more than likely determine the winner of this season's league championship. Should Grossmont win, Mt. Miguel could claim the title by whipping Monte Vista. A Helix victory would mean that the Highlanders would have at least a tie for the title. Since Helix beat Mt. Miguel in regular season play, the Highlanders would receive the crown if the two teams were tied.

Adding to the importance of the game will be the league's oldest rivalry.

The other "big game" will be Monte Vista, where the Monarchs will try to make it two upsets in a row over Mt. Miguel. Although Mt. Miguel quarterback Jess Jenner is still out with an injury, substitute Tim Madigan last week showed he can lead the team with a 38-0 romp over El Cajon.

Granite Hills High School still has an outside shot at a share in the title. Should the Eagles win while Mt. Miguel

## Battered USD Heads For Azusa Contest

A somewhat battered but game University of San Diego football team makes its final road appearance of the 1972 season when its journeys to Azusa Pacific College Saturday. Game time is 1:30 p.m. in the Toreros' only daylight outing this year.

Coach Andy Vinci's team moved its record to 4-3-1 last week with a third period touchdown that earned it a 7-7 deadlock with USIU. The Toreros got the worst end of the deal, however, when stellar defensive tackle Cornell Stanley was lost for the remainder of the season with a knee injury.

Stanley's loss cut the USD squad roster to 33 for the final two contests against Azusa and Westminster College of Utah, Nov. 25.

## 4 reasons (including price) to pick Ford's Courier over other imports

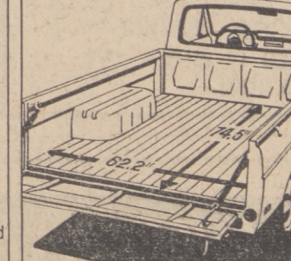

Courier is the import with the long list of standard equipment

Features at right are extra cost on some imports—or aren't available. They're all included in Courier's low standard price. So are the peppy 1800-cc. overhead-cam engine and the easy-shift 4-speed transmission.

Courier is the import with the long wheelbase to smooth the ride

You get the extra smoothness of a long 104-inch wheelbase—and a great cab in which to enjoy the ride. Foam-padded seat is deep and comfortable. Handsomely tailored interior has full vinyl headliner and door paneling.

**STANDARD EQUIPMENT ON FORD'S COURIER**  
• bright-finish bumper  
• bright-finish grille  
• whitewall tires  
• bright hub caps  
• mud flaps at rear  
• dual sun visors  
• dual armrests  
• full floor mat backed by insulation  
• handy storage space behind latched seat back

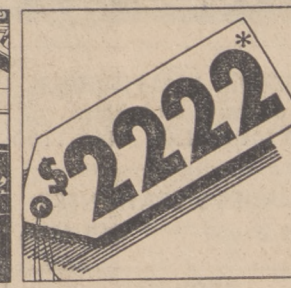

Courier is the import with the hefty build and wide loadspace

The box is over 6 feet long, and extra wide. Big 1400-pound capacity for people and payloads, too. And Courier's built heavier than most imports: Husky frame. Big coil springs up front. Long 6-leaf rear springs.

Courier is the import with the low \$2222\* price

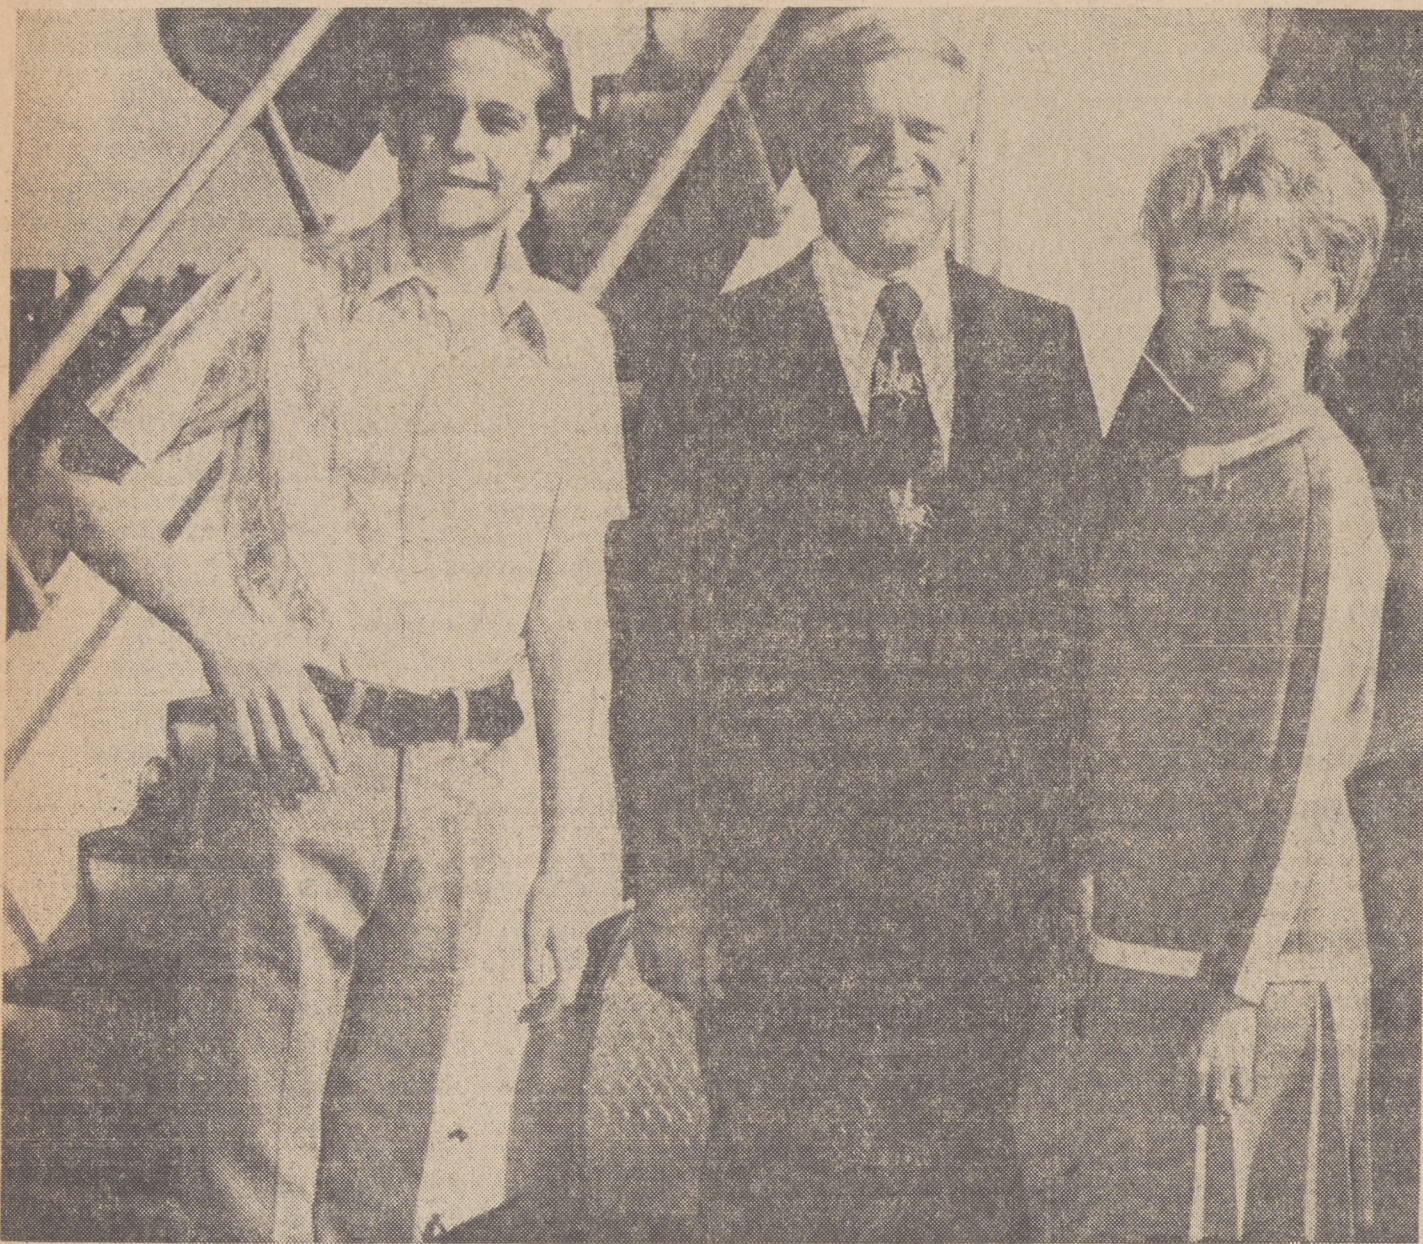

Why pay up to \$150 more—and still not get all that Courier gives you? Before you buy any imported pickup, look into Courier.

\*Manufacturer's suggested retail price. Destination charge (\$24), dealer preparation charge, if any, state and local taxes extra.

**CONFERENCE BOUND** — Leaving San Diego International Airport Wednesday with a student-teacher delegation to attend the National Youth Conference on Science and the Environment in Chicago, are, from left, student John Lamping and teacher John W. Burak, both of Monte Vista High School, and Shirlee Smith, home economics manager for San Diego Gas & Electric Company. They were part of an

SDG&E-sponsored delegation from San Diego County and southern Orange County, composed of seven outstanding science students and their respective science teachers. The conference is sponsored annually by the National Science Teachers Association and the investor-owned electric power industry.

### 'Woodwinds' To Be Discussion Topic

"Chamber Music for Woodwinds" will be discussed at 1 p.m., tomorrow in Room 221 of the Fine Arts Building at Grossmont College when the Department of Music continues its series of lectures on "The Classic Era."

The series, featuring outstanding musicians in education, will have Mitchell Lurie, professor of woodwinds at the University of Southern California and head of the woodwind department at the Music Academy of the West at Santa Barbara, speaking on music composed for woodwinds.

Lurie began his distinguished career at the age of 16 when he played the Mozart A Major Concerto for Clarinet with the Los Angeles Philharmonic Orchestra. After graduating from the Curtis Institute of Music, he became principal clarinet with the Pittsburgh Symphony later holding the same position with the Chicago Symphony.

His chamber music appearances culminated in concerts with the Budapest Quartet and Casals Festivals, Pablo Casals called him "the ideal clarinetist."

The public is invited, and there is no charge for admission.

### Mary Clifford To Be Student Teacher

Mary A. Clifford, a Washington State University senior from Lemon Grove, will teach in the Richland, Wash., area during the second half of the fall semester.

Miss Clifford will be assigned to a specified school by Deanne McCullough, placement director for the area.

Miss Clifford is majoring in mathematics at WSU. She is the daughter of Mrs. Angela T. Clifford, 3142 Florine dr., Lemon Grove.

### Baked Foods, Plants Among Bazaar Items

The Lemon Grove Woman's Club will hold a traditional pre-Christmas bazaar at the clubhouse, 2810 Main st., Lemon Grove, December 2, from 9 a.m. to 4 p.m.

Mrs. Paul Hockenbury, chairman, promises home baked foods, "better than rummage", white elephant items, books, and a plant booth by the club's Garden Section.

Luncheon serving will start at 11:30 a.m., price \$1.75. The affair is the group's annual endeavor for the building fund, with the proceeds to be used for this purpose.

### PTA HILITES

#### L.G. Junior High

Open house for parents of eighth grade students at Lemon Grove Junior High School will be held this evening following the regular monthly meeting of the school PTA at 7:30 p.m.

Coffee will be served following the meeting, then parents will have an opportunity to meet with teachers.

Open house for parents of seventh graders was held Tuesday evening. The PTA announced at a board meeting last week that it will sponsor an all-day trip to Disneyland for students Saturday.

#### Palm Jr. High

A program on off road vehicles will be presented at this evening's meeting of the Palm Junior High School Parent-Teacher Association, which gets underway at 7:30 p.m. in the school auditorium.

On hand to talk about the subject and show a movie will be San Diego County Sheriff's Deputy Skip Murphy, according to PTA president Mrs. Arville Smith.

The program, which is planned for the whole family, she said, will also include a question and answer period.

Japan now has credit cards.

### College Series To Be Kicked Off Monday

The opportunity to "Discover Yourself and Rediscover Your World" will be presented when a series of programs of that title begins at 11 a.m., November 20 at Cinema Grossmont, Grossmont Center.

Cosponsored by the La Mesa Library and the Office of Community Services, Grossmont College, the series is designed to help the individual and develop his personal potential.

Dr. Harold Greenwald, professor of clinical psychology and chairman of the clinical psychology program at United States International University, will open the series when he discusses "Love and Sex in the Seventies." A practicing psychologist and psychotherapist as well as an instructor since 1952, Greenwald is best known for originating direct decision psychotherapy. He is the author of many publications in the field of psychology, psychoanalysis and psychotherapy.

A graduate of Columbia University with a doctorate in social psychology, he is a member of numerous professional organizations concerned with psychology, psychoanalysis and psychotherapy.

The public is invited and there is no charge for admission.

### Canned Food Drive Theme 'Care Enough'

"Care enough to bring cans" is the theme of Helix High School's canned food drive to be held through November 22. The drive is sponsored by the Girls' League. Each student is asked to bring cans or quarters. Twenty-five cents is worth one can.

The combined collection of cans and money is then donated to the Salvation Army who distributes the goods to needy families, Gail Henry, drive chairman, said.

Awards will be given to the person who brings in the most cans or money. Prizes for the winner have been donated by local merchants.

The legal age for buying a drink in an English pub is 18.

### 'Rainmaker' To Close Saturday

United States International University's International Company production of the tender and laugh-provoking Broadway hit play, "The Rainmaker", begins its final performances. It will play nightly at 8:30 p.m. in Theatre East in the USIU Center for the Performing Arts, 350 Cedar st. through Saturday.

Following its opening last week, "The Rainmaker" tells the story of the handsome charlatan who brings promises of rain to a parched land and romance to a "parched lady."

Tickets and reservations for the remaining performances can be made at the USIU International Company Box Office, 350 Cedar st., daily from 9 a.m. to 5 p.m. and after 7:30 p.m. on performance nights.

### 'Most Neglected Minority' Topic Of College Talk

A program of timely interest concerning the American Indian will be presented by Grossmont College's Office of Community Services at 8 p.m., November 21 in the college's Student Center, when Robert L. Bennett, director of the Center for Indian Affairs, University of New Mexico, speaks on the subject "Indian Self-Determination — Reality or Myth."

Bennett who recently resigned as director of the Bureau of Indian Affairs in protest against Washington policies, was the first Indian to serve as commissioner of Indian Affairs in this country.

Bennett believes that Indians today are the most neglected minority in the United States and has long worked in and out of government to alleviate the destitution and abuse of the rights of his people. In recent years, he has been especially active in efforts to get a fair and equitable settlement for tribes whose land has been taken over for dams and other federal installations.

Born on the Oneida Indian Reservation in Wisconsin, Bennett graduated from the Haskell Institute at Lawrence, Kansas and received a LL.B. degree from Southeastern University School of Law. He is a member of the board of Arrow, Inc., the National Advisory Council on Indian Youth; the American Society for Public Administration; American Academy of Political and Social Science; American Association of Applied Anthropology and the National Congress of American Indians.

**MUSIC DIRECTOR** — Peter Eros has been named Music Director of the San Diego Symphony Orchestra. The Eros selection was unanimously recommended by the Conductor Selection Committee, headed by King Durkee, and was unanimously accepted by the Executive Committee of the Symphony Association, according to Association President L. ### 'Efficiency In Action' Claimed By TM Tutor

An introductory lecture on Transcendental Meditation has been scheduled for Monday night in the Lemon Grove Youth Center at 7:30 p.m., according to TM instructor Jeff Quinn.

Quinn, who will conduct the lecture along with his wife, Teresa, explained that Transcendental Meditation is a "simple technique for deep relaxation which," he said, "rejuvenates the mind and gives one more efficiency in action."

He said that the practice of TM requires no change in beliefs or alteration of the lifestyle.

Among those who practice the technique, he said, are U.S. Army Major General Franklin Davis, Commandant of the U. S. Army War College, and Russell Schweickart, an astronaut who has walked in space and is currently backup commander of the National Aeronautics and Space Administration.

Among the claims of TM is that people who practice it exhibit more creativity, become happier, and are better able to cope with the demands of daily living.

Quinn explained that there are seven steps which are followed before one practices the technique: An introductory lecture, a second lecture, an interview with a TM instructor, and four consecutive days of lessons, about 90 minutes each.

### Helix Pair Eyes AFS Foreign Student Roles

Two Helix High School seniors, David Frye and Elaine Hart, were selected recently as American Field Service Finalists.

Their names will now go through the San Diego AFS office, and if they are selected as AFS representatives locally, they will compete on a higher level in March.

Those students who complete all screening and testing successfully become AFS foreign exchange students and will study in another country during the summer or next fall. Students do not have the opportunity to select a country, but may choose between the northern or southern hemisphere.

## Stull To Seek Seat Vacated By Burgener

Assemblyman John Stull of Leucadia will be candidate for the 38th State Senatorial District seat being vacated by Congressman Elect Clair Burgener.

Stull has asked Gov. Reagan to call a special election to fill the vacancy when Senator Burgener resigns.

Stull has represented the 80th Assembly District since 1967. He made the announcement Wednesday morning at a press conference at the Mission Valley Inn.

Stull pointed out that the landslide majorities he had received in the 80th District indicated that his views were shared by a larger range of voters.

As a senator, Stull would have a higher ratio of effectiveness than in the assembly.

## Boosters Get Funds For Swimming Pool

The Monte Vista Boosters Club Tuesday night accepted a \$7,000 gift from the Monte Vista Swimming Association, money raised through a sponsored marathon swim last year and other fund raisers.

The money will be used to help defray the costs of building a swimming pool at Monte Vista High School. The facility, which will be used year round for public swimming and school district swim competition, will cost an estimated \$160,000.

A completion date of next year is expected.

## Choral Club Bazaar To Follow Luncheon

The San Diego Choral Club will hold its monthly luncheon this afternoon at 12:30 p.m. at the United Church of Mission Village, 2650 Melbourne dr., and food will be provided by "Luncheon Is Served, Inc."

Many items made by Choral Club members will be on sale at a bazaar following the luncheon. Mrs. Helen Clark, third vice-president of the club, is in charge of arrangements.

## PEP, PL 874 Funds in Doubt

which would allow funds to be received on that basis.

Another item of note was Public Law 874, which provides federal funds to school districts based on number of parents in the district who are employed on military sites or contractors.

Reynolds noted that the PL 874 funds were also under veto and that up to \$50,000 could be lost if the funds were not approved as expected. The board gave approval for application for the funds.

The warehouse building which is now under construction is the subject of a report to the board. Trustees approved a color for the building and also stated that it is the finding of the board that the project has no significant impact on the environment.

Board members received copies of a resolution by the Simi Valley School District calling for a writ of mandate to be filed in the State Supreme Court if the State Legislature does not "take significant and positive action" on school finance.

The board also was asked by the Simi Valley District to consider a similar resolution. Trustees decided to take some time to consider the proposal and to allow those board members not present to consider it and tabled the measure until November 28.

Board members absent were Warren Buckner and Jim Dorman.

## 'Get Into Music' Is Youth Concerts Theme

"Get Into Music" is the theme of this year's Young People's Concerts, presented by the San Diego Symphony Orchestra Association.

Concert Chairman Mrs. Martin S. Firth announced the details of the four-part season and said that identical concerts would be presented at 10 a.m. and noon at Civic Theatre Dec. 9, Jan. 20, Mar. 3 and Apr. 7.

The concerts will be performed by the San Diego Symphony Orchestra, conducted by Robert Emile.

ICE HOCKEY FOR GIRLS — Lynn Pankhurst carries the regalia the well-dressed feminine hockey player wears as she invites would be players to apply for team play.

## Fun and Hard Bumps Make Up Girls' Hockey

There are girls who dream of Prince Charming — and there are those who dream about a "hat trick."

A hat trick is when a ice hockey player makes three goals in one game.

Girls in Lemon Grove and Spring Valley who dream of both may be the answer to the need for hockey players to serve on the Dolphins, San Diego's only girl ice hockey team, according to Lynn Pankhurst, Dolphins coach-manager.

Hockey experience is not necessary. Girls without previous skating experience can qualify as easily as those who already skate, she said. And age is no consequence, either. Ages range from pre-teens to grandmothers and from junior high students to housewives. Presently, 4 pre-teens; 6 teens and 5 housewives suit for the games.

Mrs. Pankhurst, herself a grandmother, said the most rigorous element of the game is practice. Practice is at the House of Ice at Lake Murray Blvd. and Freeway 8. Because of the full schedule of activities there, practice sessions are often at midnight or later. Games, however, are scheduled for 5 p.m. on Sundays. The next game is Dec. 3 at Ontario.

In an all but meaningless game, Santana and El Capitan will square off. Santana's defense collapsed against Granite Hills last week and El Capitan looked much improved against Helix, so the upset could be in the making.

Buena Vista, and Main st. in Lemon Grove. The intersection's very complexity is its own control, the committee decided, as drivers approach it with caution. The county will keep it under surveillance.

The final recommendation was against a proposal for a parking prohibition on one side of Roy st. in Lemon Grove, as requested by William Beard, of 8247 Roy st. The committee indicated that Roy is a normal street of 36 feet in width and has no unusual problem.

this year is .500. The Los Angeles Blues beat them 6-1 but the Dolphins snapped right back and trounced the Azusa Golden Comets 4-1.

Games are usually played to 200-300 spectators. In official games, as well as in practice session, fathers, husbands and boyfriends are pressed into service as scorekeepers, timekeepers and goal judges.

Applicants when accepted for the team are charged \$20 for registration. They must also supply all of the equipment hockey players normally wear. Because the bodily contact quotient is about the same as in professional play, Dolphins wear the same equipment and padding. No one has been seriously injured in Dolphin play or practice so far this year, Mrs. Pankhurst said.

Mrs. Pankhurst, an attractive 40-ish player, learned to skate on quarry ponds on the family farm back in Ohio. She has never skated professionally but she attended a hockey coaches clinic before the Dolphins became a team. She did this after undergoing a spine operation two years ago. Her vigorous play in the two games so far this season indicates that she has recovered completely from surgery.

In addition to being a good homemaker, she is involved in community activities. In Montgomery, a pretty little community just south of Chula Vista, where she lives, she serves on the Montgomery Fire Protection District as secretary.

But her fun thing is hockey. She invites all girls interested in becoming hockey players to call her at home 420-0167 or at the House of Ice 463-8100. At the House of Ice, any staff member can give or take information when she isn't there, she said.

## Wallet Theft Stopped

A 23-year old Imperial Beach man was arrested in a local supermarket last week and charged with the theft of a wallet containing a checkbook.

According to reports from the Sheriff's Department, the suspect was taken into custody at Food Basket in Lemon Grove at about 2:30 p.m. last Thursday.

The suspect was allegedly seen to remove a wallet from an unattended purse near the market's meat counter. A witness then notified a store employee, who flagged down a passing patrol car.

The suspect was found in another area of the store and the wallet was found under a stack of vegetables.

**SANDBAGGERS** — Residents in the Honor Camps of San Diego County expended 410,800 manhours of labor on public projects last year. Included was this sea wall construction at a county beach park. Assignments on State and Federal forest lands accounted for over 60 percent of the total. These figures do not include fire fighting hours or maintenance and operation of Honor Camp facilities. The County operates five rural work camps in addition to other centers.

# Questions, Answers About Local Traffic

Isn't it dangerous to let those youngsters control traffic near schools? They could stop cars suddenly and cause rear-end accidents.

It isn't dangerous. It's the safest thing on the streets. The school patrol youngster is very well trained in his duty by the Highway Patrol. One of his duties is to observe the speed and distance of oncoming vehicles. He gives no sudden indications. In Lemon Grove, there has never been an accident nor injury where the school patrol operates.

A friend got a ticket for "unsafe lane change" recently. He was going slower than traffic in his lane so he moved over to the next slower lane. If he had stayed in the lane he wouldn't have gotten a ticket although he would have held up traffic behind him. Is this fair?

Anytime you are moving at a speed less than the flow of traffic you are in violation. You are required to move to the right as your travel speed is reduced. In your case the violation was probably that you affected the movement of another vehicle or caused it to take an evasion action. In freeway jargon, all lanes except the extreme right lane are considered left lanes. So if the passing flow is on both sides of you, get to your right — but be careful not to interfere with the movement of the traffic in the lane to which you are entering.

I have been trying to get parts for my 1966 car which is parked in front of my house. But the parts are hard to find and I am only able to look for them on week-ends. How long can I leave my car at my curb?

The vehicle code requires that any car parked or driven on a public road have these items: 1. a current registration slip; a gasoline cap, and a smog device (where applicable). Cars may be parked off public streets without meeting these criteria.

Each week a series of questions and answers will be published in these columns. Readers are urged to call or write in questions to which they want an official answer. Answer seekers need not identify themselves. Address "Traffic" P.O. Box 127, Lemon Grove, CA 92045 or call 469-0101.

## Kahan Arraigned On Marijuana Charges

(Continued from Page 1)

truck was stopped and searched, and about 1,000 pounds of marijuana was found.

Kahan was the subject of Arizona State proceedings, but charges were dropped against him and Bordeaux when Arizona officials refused to identify an informant who reported alleged smuggling operations.

The new proceedings are federal charges.

When Kahan was arrested last year, he was suspended from his teaching position by the Grossmont Union High School District Board of Trustees, but was reinstated after the charges were dropped and awarded three months' back pay.

The school board met Friday night and voted to suspend the suspect again.
